

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2006-292-T - ORDER NO. 2007-431
JUNE 27, 2007

IN RE: Application of Samuel Redding d/b/a Redding Moving Systems, 677 South Jeffords Street, Florence, South Carolina 29506 (District 6) for a 5% Fuel Surcharge and a Rate Increase.) ORDER APPROVING
FUEL SURCHARGE
AND RATE CHANGES
)

This matter comes before the Public Service Commission of South Carolina (the Commission) on the application for rate changes, filed September 19, 2006, of Samuel Redding d/b/a Redding Moving Systems (Redding Moving or the Company), pursuant to 26 S.C. Code Ann. Regs. 103-190, et seq. Redding Moving amended its application on September 22, 2006, by requesting a 5% fuel surcharge. Redding Moving presently holds a Class E Certificate of Public Convenience and Necessity to transport household goods.

Redding Moving request changes to the Company's present rates and requests a 5% fuel surcharge be added to the total cost. The requested revisions by the Company are attached as Appendix A to this order.

Upon receipt of Redding Moving's application, the Commission's Docketing Department instructed the Company to publish, one time, a Notice of Filing in newspapers of general circulation in the areas of the state affected by the application. The purpose of the Notice of Filing was to inform interested parties of the application of Redding Moving and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. The Company complied with this instruction and

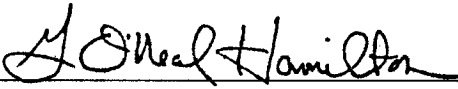

provided the Commission with proof of publication of the Notice of Filing. No protests or Petitions to Intervene were received.

The South Carolina Office of Regulatory Staff (ORS) conducted an impact study in response to the application of Redding Moving. On May 29, 2007, the ORS filed its audit report and findings with the Commission. ORS advises that while the operating ratio analysis is very complete in itself, it is also customary to compare to proposed rates with the South Carolina Tariff Bureau (Tariff Bureau) as the industry barometer. Using the local rates in its study, the ORS' comparative assessment of the Company's proposed rates found that Redding Moving's proposed rates average approximately 20% less than the Tariff Bureau's local rates. In comparing the Company's flat fuel surcharge for local moves (25 to 50 miles) with the Tariff Bureau's flat fuel surcharge (0 to 30 miles), according to ORS, the fuel surcharge proposed by Redding Moving is 50% less than the Tariff Bureau's fuel surcharge.

We have considered the application and the ORS impact study and have concluded that the proposed rate changes by Samuel Redding d/b/a Redding Moving Systems are just and reasonable. Accordingly, the application of Samuel Redding d/b/a Redding Moving Systems is approved as filed.

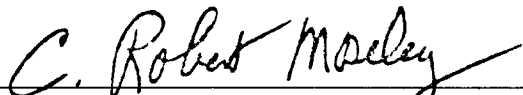

This Order shall remain in full force and effect until further Order of the Commission.

BY ORDER OF THE COMMISSION:

G. O'Neal Hamilton, Chairman

ATTEST:

C. Robert Moseley, Vice Chairman

(SEAL)
